Lansing, Michigan 48933
www.michigan.gov/deqworkshops

Fugitive dust from roads, surface lots, storage piles, and other sources contributes to air pollution and has the potential to be a significant contributor to storm and surface water pollution. The Michigan Department of Environmental Quality is partnering with the East and West Michigan Chapters of the Air & Waste Management Association to present this fugitive dust management workshop and vendor exposition that will provide information on how to control fugitive dust at public and private facilities, lots, and roads. To help comply with environmental requirements relating to fugitive dust, attendees will receive an overview of air quality regulations and health issues, an overview of sediment and water regulations, a profile of dust control methods, approaches for developing solid fugitive dust plans, and success stories on dust management. Exhibitors will showcase their products and services designed to help control fugitive dust.

Cost: \$45 – includes workshop materials and refreshments.

Register and Pay Online: At www.michigan.gov/deqworkshops.
Select “DEQ Workshops.”

Register NOW at www.michigan.gov/deqworkshops

This workshop is recommended for anyone dealing with fugitive dust issues, including municipal, county, or state road repair and maintenance; zoning board or local responsibility for site location, selection, or approval; owner/manager of an unpaved lot or salvage yard; trucking business; rail yard operations; sand blasting or building renovation; quarry or mining operations; asphalt or concrete plant or terminal operations; building construction or demolition; and environmental consultants.

AGENDA

- 8:00 a.m. Registration and Continental Breakfast
- 8:30 a.m. Welcome and Introduction
- 8:40 a.m. Particulate Matter and Air Quality
- 9:20 a.m. Sediment and Water Regulations
- 9:45 a.m. Break
- 10:05 a.m. Fugitive Dust Control Methods
- 11:10 a.m. Case Studies
- 11:40 a.m. Wrap Up / Exhibits

The [West Michigan](#) and [East Michigan](#) Chapters of the Air & Waste Management Association will be hosting Air Quality Update Luncheons following both workshops. Visit www.wmawma.org/ or www.emawma.org/ for more information.
