

****CONTRACTOR ANNOUNCEMENT****

1313EZ Construction Prequalification Renewal Application

MDOT has created a renewal application for construction prequalification. This shortened version of the 1313 Construction Prequalification Application is available to those contractors submitting a renewal application meeting the following criteria:

- CPA audited, reviewed or compiled statements included
- No major changes in key personnel and/or equipment
 - *If key personnel added, please include resumes and [Key Personnel Additions](#).*

The [1313EZ](#) renewal application will be accepted for two annual or biannual renewals. The [1313 Construction Prequalification Application](#) must be submitted for the third renewal.

Submit the fully completed [1313EZ](#) application, with CPA audit, review or compilation included, to MDOTPrequal@michigan.gov. To reduce the file size, you may zip this application or upload it to your FTP site and provide MDOTPrequal@michigan.gov access to download the application. You may also password protect the application with a follow-up e-mail to MDOTPrequal@michigan.gov that contains the password.
