

NOTICE TO BIDDERS
MANDATORY PRE-BID MEETING

Bidders must attend a mandatory pre-bid meeting:

Tuesday, August 21, 2012

1:30 pm - 3:00 pm

MDOT- Aeronautics

2700 Port Lansing Rd.

Lansing, MI 48906

The purpose of this meeting is to discuss the two MDOT initiatives being piloted on this project. This is a Design Deliverable Enhancement Project (DDEP) pilot which significantly changes the format of the plan-set and provides electronic deliverables that are not typically included in an MDOT project. This is also an "electronic construction" pilot which requires the awarded contractor to submit contract documentation using MDOT's ProjectWise (document management system). Presentations will be provided to ensure there is a understanding of the plan set changes and ProjectWise requirements. A Special Provision will be issued by Addenda that will specify the contract requirements for use of ProjectWise.

Parking for the pre-bid meeting is available only in lot C (southeast of Port Rd.) as shown below. All vehicles parked in spaces closer to the Aeronautics building will be towed at the owner's expense.
