It is further understood and agreed that the liabilities of the Contractor members of the Association who become parties to this Agreement shall be several and not joint.

The purpose of this Agreement is to determine the hours, wages and to adopt measures for the settlement of differences and maintaining a cooperative relationship so as to have as much continuous employment for contractors and workers as possible without interruption by strikes, lockouts, or other labor trouble.

The Contractor agrees to cooperate toward the prompt settlement of employee on-the job injury and sickness claims when such claims are due and owing. The Contractor shall provide workers' compensation for all employees covered by this Agreement even though not required by State Law.

ARTICLE 25 DRUG AND ALCOHOL TESTING

- (a) Introduction - The Contractors have responsibility to provide their workers with a safe workplace, reduce their liability from accidents, and promote public safety.

This program is designed as an effective program to eliminate drugs and alcohol that would impair worker performance to the extent that these purposes are consistent with individual employee-dignity and privacy.

In developing this Article, the parties attempted to be in compliance with applicable federal and state laws. The parties agree that this drug and alcohol abuse program will be modified in the event federal legislation or Department of Transportation regulations provide for revised testing methodologies or requirements.

- (b) Applicable Work Rules - This program is based on the following work rules:

Employees are forbidden to possess alcohol, illegal drugs, or non-prescribed drugs while on duty or on Contractor or customer property.

Employees are forbidden to use alcohol, illegal drugs, or non-prescribed drugs while on duty or on Contractor or customer property.

Employees are forbidden to report to work under the influence of alcohol, illegal drugs, or non-prescribed drugs.

The Contractor reserves the right to deny any employee permission to work if, the opinion of the Contractor, the employee's condition will adversely affect his/her work performance or safety.

All federal, state, local and Department of Transportation laws and Regulations regarding drugs and alcohol are applicable.

- (c) Contractor Use of Drug and Alcohol Tests - The Contractor may establish a uniform policy to require the employee to go to a medical clinic and provide for both blood and urine specimens for laboratory testing for any of the following reasons:
1. Pre-employment screening;
 2. Department of Transportation and other periodical physical examinations.
 3. Return to work after a layoff in excess of thirty (30) continuous days, provided there is at least three (3) days' notice before testing;
 4. In cases where the employee is acting in an abnormal manner, in the opinion of the supervisor, or the employee's condition will adversely affect his/her work performance and safety and the safety of others, in the opinion of the supervisor; or
 5. In accordance with Sections (i) and (j) of this Article.

Prior to the performance of any test under this Section, the Contractor shall offer to the employee the opportunity to consult with their Union representative and/or steward if possible. Also, a reasonable amount of time should be allowed for consultation if desired by the employee.

A refusal to provide either specimen will constitute a presumption of intoxication or drug influence and the employee will be subject to discharge without the receipt of a prior warning letter.

- (d) NIDA Accreditation - All laboratories used to perform testing pursuant to this Agreement must be accredited by the National Institute on Drug Abuse (NIDA). Any laboratory previously approved by the parties to this Agreement to perform testing may continue to be used for testing only if they: (a) either currently have NIDA accreditation; or (b) apply for and receive NIDA accreditation by May 1, 2008.
- (e) "Chain of Custody" Documentation - To protect employee dignity and ensure testing accuracy, specimen handling must be accompanied with thorough "claim of custody" documentation, which is a written record detailing the handling of the specimen from the time it is collected from the employee until the time that the test is done. The "chain of custody" form is initialed by the individual collecting the specimen and maintained by each successive individual who comes in contact with the specimen. Each individual involved in the chain must identify the specimen and when an exchange occurs, it is to be documented by the signatures of the receiver and deliverer. A single "chain of custody" form will accompany each specimen at all times and be used to record all of the previously described transactions.

- (f) Testing - All confirmatory testing or drug screens must be done by the gas chromatography/mass spectrometry (GC/MS) method. The level of which tests results will be reported "positive", in the case of alcohol testing, shall be the State of Michigan's blood alcohol concentration level for intoxication while driving a motor vehicle. The level at which test results will be reported "positive" in the case of drug screening, shall be the level prescribed by the National Institute on Drug Abuse (NIDA).

In reporting a positive test result, the laboratory shall state the specific substance(s) for which the test is positive and shall provide the quantitative results of both the screening and the GC/MS confirmation test, in terms of nanograms per milliliter. All positive test results must be reviewed by the certifying scientist or laboratory director and certified as accurate.

- (g) Split Sample Safeguard - At the request of any employee tested under the drug and alcohol testing procedure contained in this Agreement, a portion of the original specimen(s) will be preserved for private testing by the employee at his or her own expense by an independent laboratory in the event questions are raised concerning the accuracy of the test administered at the request of the Contractor. The additional test performed at the employee's request will be admissible under the grievance and arbitration procedures in this Agreement; however, if and only if the methodology employed is substantially identical and equivalent to the methodology authorized in this Article.

If the split sample is negative, lost or contaminated, the test shall be presumed negative.

- (h) Prescription and Non-Prescription Medications - The employee must notify the Contractor of the use of any prescription or non-prescription medications before the test is given. The Contractor may require the employee to provide evidence that a prescription medication has been lawfully prescribed by a physician.

If an employee is taking a prescription or non-prescription medication in the appropriate described manner and has noted such use, as provided above, they will not be disciplined. Medication prescribed for another individual, not the employee, shall be considered to be illegally used and subject the employee to discipline.

- (i) Requested Leave of Absence Prior to Testing - An employee shall be permitted to take sick leave for the purpose of undergoing treatment pursuant to an approved program for alcoholism or drug abuse. The sick leave must be requested prior to commission of any act subject to disciplinary action. Such sick leave shall be granted on a one (1) time basis in each three (3) year period and shall be for a maximum of thirty (30) days, or up to forty-five (45) days if prescribed by the treating facility, unless extended by mutual agreement. While on such leave, the employee shall not receive any of the benefits provided by this Section except continued accrual of seniority.

A Contractor may require the employee to provide proof that the employee is undergoing treatment as a condition of the sick leave.

Employees requesting to return to work from a leave of absence for drug use or alcoholism shall be required to submit to testing upon return to employment. Also, the employee will be subject to four (4) additional tests without notice and at the discretion of the Contractor for the twelve (12) month period starting from the first (1st) day upon return from the leave of absence. Failure to comply will subject the employee to immediate discharge without prior notice.

The provisions of this Section do not apply to probationary employees.

(j) Disciplinary Action Based on Positive Test Results - Any employee testing positive under circumstances and procedures outlined in this Article shall be subject to immediate discharge without prior warning notice unless the employee agrees to the following rehabilitation requirements.

1. The employee successfully completes a program of evaluation and treatment, as approved by the Michigan Conference of Teamsters Welfare Fund (MCTWF). Any cost of rehabilitation, over and above that paid for by the MCTWF must be borne by the employee. The Contractor may require the employee to provide proof that the employee is undergoing treatment.

2. While undergoing treatment, the employee shall not receive any benefits provided by this Agreement except continue accrual of seniority.

3. Upon being reinstated, the employee will be subject to four (4) additional tests for drugs without prior notice and at the discretion of the Contractor for the twelve (12) month period beginning with the first (1st) day of work after successful completion of the rehabilitation program. A positive test result during this twelve (12) month period or a refusal to submit to testing shall subject the employee to immediate discharge without the receipt of a prior warning letter.

4. The employee must sign a written agreement acknowledging the provisions and requirements of this Section necessary for his/her reinstatement.

5. The possibility of reinstatement after successful completion of this drug rehabilitation program is only available on a one (1) time basis. Subsequent positive test results are subject to immediate discharge without prior warning notice. Subsequent positive test results are subject to immediate discharge without prior warning notice.

- (k) Preservation of Rights - Any employee shall have the right to use the grievance procedure of this Agreement to challenge any discipline resulting from the testing procedure and any unjust application of any step in the testing procedure. This Agreement does not diminish in any way or waive any of the rights of individual employees under state and federal laws relating to drug or alcohol testing whether such laws are in existence on the effective date of this Agreement or are hereinafter enacted.

**ARTICLE 26
LIMITATIONS OF AUTHORITY AND LIABILITY**

- (a) No employee, Union member or other agent of the Union shall be empowered to call or cause any strike or work stoppage or cessation of employment of any kind whatsoever without the express approval of the Executive Board of the Union. The Union shall not be liable for any such activities unless expressly authorized.
- (b) Any individual employee or group of employees who willfully violate or disregard the arbitration and grievance procedure set forth in Article V of this Agreement may be summarily discharged by the Contractor without liability on the part of the Contractor or Union.
- (c) The authority of the Union stewards shall be limited to acts or functions which said stewards are expressly authorized to perform by the Executive Board of the Union of which they are members.

**ARTICLE 27
SEPARABILITY AND SAVINGS CLAUSE**

If any article or section of this Agreement or of any riders thereto should be held invalid by operation of law or by any tribunal of competent jurisdiction, or if compliance with or enforcement of any article or section should be restrained by such tribunal pending a final determination as to its validity, the remainder of this Agreement and of any rider thereto, or the application of such article or section to persons or circumstances other than those as to which it has been held invalid or as to which compliance with or enforcement of has been restrained, shall not be affected thereby.

In the event that any article or section is held invalid or enforcement of or compliance with which has been restrained, as above set forth, the parties affected thereby shall enter into immediate collective bargaining negotiations, upon the request of either party, for the purpose of arriving at a mutually satisfactory replacement for such article or section during the period of invalidity or restraint if the parties do not agree on the mutually satisfactory replacement, either party shall be permitted legal or economic recourse in support of its demands, notwithstanding any provision in this Agreement to the contrary.

**ARTICLE 28
TERMINATION OF AGREEMENT**

- (a) This Agreement shall remain in full force and effect through and including June 1, 2022 through May 31, 2023 and thereafter shall continue in force from year to year, unless either party hereto shall notify the other party in writing at least sixty (60) days prior to the end of the current term, or as the case may be sixty (60) days prior to the end of any additional Agreement year of its intention to make changes in or terminate this Agreement. Such written notice shall specify any changes or amendments desired by the party giving such notice and shall be sent by registered or certified mail to the other party.
- (b) In the event of an inadvertent failure by either party to give the notice set forth in Section (a) of this Article, such party may give such notice at any time prior to the termination or automatic renewal date of this Agreement. If a notice is given in accordance with the provisions of this Section, the expiration date of this Agreement shall be the sixty-first (61st) calendar day following such notice.
