

## Disadvantaged Business Enterprise

Office of Business Development Presents  
MDOT Road & Bridge Networking Session

**October 28, 2021 from 10 AM - Noon**

Networking Sessions are designed to:

- Identify firms with MDOT construction and consultant codes (for bidding on MDOT projects).
- Increase your networking pool capacity (amongst DBEs, primes, and others).
- Raise awareness of MDOT upcoming construction mega projects (prior to bid lettings).
- Identify MDOT OBD Staff to assist you with understanding MDOT's bidding process (in advance of the bid).
- Identify MDOT DBE Technicians/Engineers that can help you (review bids & line items).
- Identify MDOT prequalification and Additional Work Type requirements (before you can bid).
- Other tools needed (to be a successful bidder).

Who should attend? All contractors in the horizontal (construction), engineering arena interested in governmental, municipal opportunities.

For virtual access "in advance to join in" please contact
