

Positive Response

Positive Response

Positive Response is a system housed by MISS DIG 811 that allows Facility Owner/Operators to provide status to dig notices sent to them by MISS DIG 811, as required under Public Act 174 of 2013 Sec 7 (3).

Once the Facility Owner/Operator determines the status of the dig notice, they then post the response per facility type. The posted status is attached to the dig notice and stored on the Positive Response Server. The posted status can be retrieved by the requester of the dig notice.

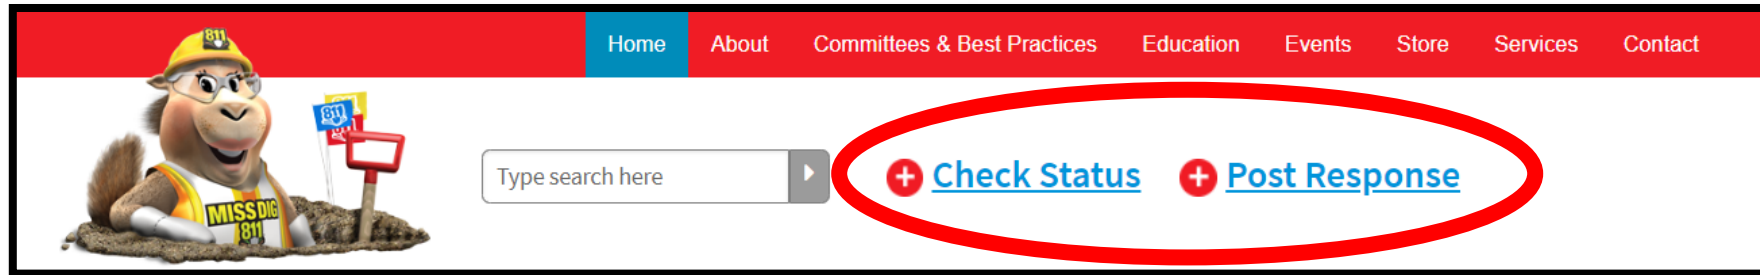

IMPORTANT!!!

Participation in Positive Response is required by law for BOTH the Excavator and the Facility Owner/Operator!

GREEN- Dig with caution following PA174 requirements

YELLOW- Contact facility owner operator, Dig with caution following PA174 requirements

RED- Do not Dig

[Response Definitions](#)

What is my next step if I see a yellow or red response from a facility owner/ operator and my work date and time has arrived?

If you are ready to begin excavation on project and your response due date time has arrived or passed, but you see responses facility owner/ operator responses color coded yellow or red you will need to contact the notification center by dialing 811. Ask for additional assistance from those facility owner/ operators who have responded with yellow or red responses before you can begin your project. The facility owner/ operators will have set timelines to respond to the additional assistance request, which you can verify with the notification center representative when you call.

Color Coded Responses

Color Coded Responses

GREEN

Dig with caution, following Public Act 174 requirements

YELLOW

Contact Facility owner/operator, then dig with caution, following Public Act 174 requirements

RED

DO NOT DIG!

(000) RESPONSE PENDING - System generated default response attached to initial request

(001) NO CONFLICT - Facility is outside of stated area/scope of excavation

(002) MARKED - Facilities have been marked

(003) *NOT COMPLETE* - None or some of the facilities have been marked, more time needed, coordination or assistance required to complete locating of facility

(004) MARKED-UTILITY REQUIRED ON SITE DURING EXCAVATION - Facility owner operator required to be on site when excavating within noted scope of work for this specific facility

(005) *ON GOING COORDINATION* - On-going mutual cooperation between facility owner operator and excavator

(006) *NOT MARKED*-NO ACCESS TO WORK AREA - Facility owner operator could not get access to work area, and requires coordination with excavator

(007) STATED SCOPE OF WORK COMPLETE - Facility owner operator confirmed stated scope of work found completed prior to dig start date

(008) FACILITY RESPONSE NOT REQUIRED - For RXMT locate requests only (retransmitted at the excavators request) and intended for specific facility or facilities that have NOT been requested to locate. Example- the RXMT locate request states "Locate Gas and Electric only". In this case, all other facility owners (water, sewer, telephone, cable TV, etc.) would respond with "FACILITY RESPONSE NOT REQUIRED". Facilities that were requested (Gas and Electric) would choose from one of the other possible valid positive responses

(009) *ADDITIONAL LOCATING REQUIRED* - Facility owner discovered field conditions require additional locating and will communicate with excavator on resolution of additional locating issues

(010) EXEMPT FROM MARKING - As defined in Public Act 174 Section 460.727 Sec. 7 (9). This is a system generated response

(011) *NOT MARKED*-EXCAVATOR CONTACTED FOR ADDITIONAL INFORMATION - Facility owner operator reached out to excavator as noted on the locate request and requires additional information to properly complete locate request. Excavator required to contact facility owner/operator

(012) POSSIBLE ABANDONED FACILITY - System generated response. There may be abandoned facilities in proposed excavation area

(013) CANCELED - System generated response indicating the dig notice was canceled

(014) REPORTED EXCAVATING WITH NO VISIBLE MARKS - This ticket was placed by a concerned citizen to alert facility owner / operators of possible excavation near the ticket location

(999) HAS NOT RESPONDED - System generated response indicating the facility owner operator has not responded to the request

000	RESPONSE PENDING	System generated default response attached to initial request.
001	NO CONFLICT	Facility is outside of stated area/scope of excavation.
002	MARKED	Facilities have been marked.
003	*NOT COMPLETE*	None or some of the facilities have been marked, more time needed, coordination or assistance required to complete locating of facility.
004	MARKED	UTILITY REQUIRED ON SITE DURING EXCAVATION- Facility owner/operator required to be on site when excavating within noted scope of work for this specific facility.
005	*ON GOING COORDINATION*	On-going mutual cooperation between facility owner/operator and excavator.

006	*NOT MARKED*	NO ACCESS TO WORK AREA-Facility owner/operator could not get access to work area and requires coordination with excavator.
007	STATED SCOPE OF WORK COMPLETE	Facility owner/operator confirmed stated scope of work found completed prior to dig start date.
008	FACILITY RESPONSE NOT REQUIRED	For RXMT locate requests only (retransmitted at the excavator's request) and intended for specific facility or facilities that have NOT been requested to locate.
009	*ADDITIONAL LOCATING REQUIRED*	Facility owner/operator discovered field conditions require additional locating and will communicate with excavator on resolution for additional locating issues.
010	EXEMPT FROM MARKING	System generated response as defined in Public Act 174 Section 460.727 Sec. 7(9).

011	*NOT MARKED*	-EXCAVATOR CONTACTED FOR ADDITIONAL INFORMATION- Facility owner/operator reached out to the excavator as noted on the locate request and requires additional information to properly complete locate request. Excavator required to contact facility owner/operator
012	POSSIBLE ABANDONED FACILITY	System generated response there may be an abandoned facility in the proposed excavation area.
013	CANCELLED	System generated response indicating the dig notice was cancelled.
014	REPORTED EXCAVATION WITH NO VISIBLE MARKS	System generated response this ticket was placed by a concerned citizen to alert facility owner/operators of possible excavation near the ticket location.
015	Delayed Marking Due To Work Stoppage And Special Conditions	Locator requires additional time to mark and provide a Positive Response.

0016	THERE ARE OVERHEAD LINES IN THE AREA & THE OWNER HAS BEEN NOTIFIED OF YOUR REQUEST	System generated response that a facility owner/operator has overhead lines on the area and has been notified of your request for an Overhead Assistance Appointment. Please be aware that the appointment must be scheduled during the work week between 9:00 am and 3:00 pm
017	THERE ARE NO MEMBER FACILITY OWNERS IN THE SUPPLIED WORK AREA	System generated response there are no member facility owner/operators that request to be notified in the area of excavation. Your request has been forwarded to MISS DIG 811 management for review.
999	HAS NOT RESPONDED	System generated response indicating the facility owner/operator has not responded to the request

GREEN – Excavator is digging with caution following PA 174 requirements

YELLOW – Excavator contacted facility owner(s)/operator(s) through MISS DIG 811. Waiting to dig following PA 174 requirements

RED – Excavator cannot dig until further action is taken by facility owner(s)/operator(s)

RESPONSE CODES WITH ASTERISKS:

003, 005, 006, 009, 011

(effective 9/29/19)

Response Requirements:

- **Complete the Comments field or provide a URL with the following information:**
 - **Who was contacted?**
 - **When were they contacted?**
 - **Contact information for the responsible Locator.**
 - **Staking Issue that prompted this selection.**
 - **Additional Information.**

SAMPLE RESPONSE

(005) *Ongoing Coordination*

- **Contacted Barry Brown from Build a Highway Company**
- **On Monday, May 3 at 10:00am**
- **Contact information is: Mary Smith at Smith Locators 248-555-5555**
- **Large project that requires multiple days of location**
- **Daily communication with Barry to continue marking highway**

ABANDONED FACILITY: ABAN

Active – Idle – Abandoned

Should be treated same as live & follow same rules

- ABAN codes are FREE if member does not receive copy of ticket
- Regular code set-up and maintenance fees apply if member wants to receive copy of ticket
- ABAN will be added as prefix to facility code: **ABANLANSCYSWR**

Ticket Revision #'s

- **00A or 00B** – Original Ticket
- **01A or 01B** – 1st Revision (or Retransmit)
- **02A or 02B** – 2nd Revision (or Retransmit)
- **03A or 03B** – 3rd Revision (or Retransmit)

A or B denotes which MISS DIG 811
Server was used

Public Act 174 Response Times

- Standard NEW Ticket – 3 Business Days
- Destroyed Markings – 24 Hours
(not including weekends or holidays)
- Lack of Positive Response – 3 Business Hours
- Unmarked Facility – 3 Business Hours
- Additional Assistance – 3 Business Hours
- Emergencies – 3 Hours (NOW emergencies)
- Design – 10 Business Days

Is There a Difference Between Work Date & Response Due Date?

Work Date (Dig Start) – Date & time that excavator requested to start work by

Response Due – The legal date & time that a member utility has to post to Positive Response

POSITIVE RESPONSE INQUIRY PAGE VIEW – Short Notice Ticket (non-emerg placed on 7/12)

Work Date	Response Due	Expires	County	Place	Street Address
07/13/19 09:00:00	07/17/19 09:39:00	08/03/19 23:59:00	MACOMB	SHELBY /T	46541 WRIGHT AVE

If your work date is before the response due date you are in violation of Public Act 174 of 2013. For more information, please visit our website or call 811.

Work Date – Date & time excavator requested to start work by

Response Due – The legal date & time that a member utility has to post to Positive Response.

What is my next step if I see a yellow or red response from a facility owner/ operator and my work date and time has arrived?

If you are ready to begin excavation on project and your response due date time has arrived or passed, but you see responses facility owner/ operator responses color coded yellow or red you will need to contact the notification center by dialing 811. Ask for additional assistance from those facility owner/ operators who have responded with yellow or red responses before you can begin your project. The facility owner/ operators will have set timelines to respond to the additional assistance request, which you can verify with the notification center representative when you call.

14 Day Rule

Excavation must commence within 14 calendar days of the dig start date on the MISS DIG 811 ticket. A new ticket must be obtained if excavation has not occurred within that time frame.

Public Act 174 Reference Section 5 (1)

An excavator shall provide a dig notice to the notification system at least 72 hours, but not more than 14 calendar days, before the start of any blasting or excavation.

- Portions of staking may have been covered or removed by lawn maintenance, ongoing construction activity, weather or removal from an unknown.
- An excavator's inability to start construction within 14 days of the dig notice start date should not require the staker to respond within the 3 hour or 24 hour response time when the excavator arrives on site. The requirement to initiate a new ticket will reset the clock.

ENHANCED Positive Response

LOCATORS CAN ADD/VIEW ATTACHMENTS! – Using their **RMAP** account, locators can now add or view attachments to dig notices (photos/comments)

The screenshot displays the 'MISS DIG 811 MENU B' interface. At the top, it includes the text '(RMAP)' and a 'Log Out' link. Below this is a search bar labeled 'Search Menu'. Two main navigation buttons are visible: 'MAINTENANCE' (highlighted with a red border) and 'REPORTS'. The interface is divided into two columns: 'CENTER' and 'MEMBERS'. The 'CENTER' column lists 'Menu Explanations' and 'Work Stoppage Guide'. The 'MEMBERS' column lists several options, with 'Positive Response Posting With Images' circled in red. At the bottom, the 'MISS DIG 811' logo is displayed.

EXCAVATOR Response

- Excavators have the capability to document the steps they've taken on a ticket with different postings & can also add or view attachments to dig notices.
 - Not Required by Law under PA 174
 - Excavator MUST have Remote Ticket Entry (RTE) account to make postings
 - Excavator can access Excavator Response by using Ticket Search Lite (provided w/ RTE account)

The screenshot displays a web-based interface for ticket management. At the top, there is a table with columns: TICKET, WORK DATE, TYPE, PRIORITY, COMPANY, WORK TYPE, COUNTY, PLACE, STREET, CROSS, and CALLER PHONE. The first row contains the following data: B091932480-00B, 07/16/19 10:30 AM, NEW, SHRT, G J'S TENT RENTAL, INSTL TENT STKS, GRAND TRAVERSE, PENINSULA/T, CENTER RD, MONTAGUE RD, 2312184359. Below the table, there is a navigation bar with 'Showing 1 to 1 of 1 entries' and buttons for 'First', 'Previous', '1', 'Next', and 'Last'. A large blue banner with the text 'Ticket Details' is centered. Below this banner, a red circle highlights a row of buttons: 'Ticket', 'Member Details', 'Member Deliveries', 'Member Responses', 'Map', 'Attachments', 'Show Excavator Responses', 'Print', and 'Response Definitions'. Below the buttons, the text 'Ticket: B091932480-00B' is displayed. The bottom section of the interface shows a list of ticket details, including 'MERCDE 00000 MISDIG 08/14/19 13:32:07 B91932480-00B SHRT NEW CA', '**** Underground ****', and various dates and times. On the right side, the text 'Excavator Responses' and 'No Excavator Responses for this Ticket' is visible.

Excavator Responses

No Excavator Responses for this Ticket

EXCAVATOR Responses for Standard Dig Notice Tickets effective 5/1/2017

**Excavator Responses for Standard Dig Notice Tickets are an optional tool for remote ticket entry users to provide general information regarding the status of an excavator on their ticker to the facility owner/operator(s). These responses are not a requirement of Public Act 174 of 2013.

- 301 - **EXCAVATOR CHECKED POSITIVE RESPONSE** - Excavator has checked positive response per requirements of PA 174 and is beginning excavation.
- 302 - **EXCAVATOR CHECKED POSITIVE RESPONSE AND CANNOT LOCATE FACILITY WITHIN APPROXIMATE LOCATION** - Excavator has checked positive response and contacted MISS DIG 811 to request additional assistance (retransmit) from Facility Owner(s)/ Operator(s) because the location of the marked facility within the approximate location cannot be determined.
- 303 - **EXCAVATOR CHECKED POSITIVE RESPONSE AND NOTED UNMARKED FACILITIES** - Excavator has checked positive response and contacted MISS DIG 811 for additional assistance (retransmit) for unmarked facilities due to one of the following: 1. There is visible evidence of a facility with no marks visible 2. There is a lack of a positive response on the ticket 3. There is a positive response from a facility owner or facility operator indicating the presence of a facility with no marks.
- 304 - **EXCAVATOR DELAY** - Excavator has checked Positive Response and made request(s) for additional assistance (retransmit), and Facility Owner has not supplied an appropriate response. Excavator is delayed.
- 305 - **EXCAVATOR DIGGING** - Nonresponsive Facility Owner(s)/ Operator(s) on ticket. Excavator has checked Positive Response; the Facility Owner(s) positive response remains (999). The Excavator has made appropriate contact with MISS DIG 811 for additional assistance (retransmit) and the Facility Owner(s)/ Operator(s) has not supplied a response. Excavator is putting nonresponsive Facility Owner(s)/ Operator(s) on notice that Excavation is proceeding.

The industry goal to have accurate and timely locating/posting can be accomplished by excavators and locators working together. Collaboration is key to ensure safe working conditions, keeping the job on schedule, and running efficiently.
